

NOTICE OF PUBLIC MEETING

2011 WATER-WASTEWATER RATE STUDY UPDATE

When Council implemented metered water and sewer surcharge rates in 2009 it committed to reviewing the rates on an annual basis. Staff recently completed an update of the water rate study based on the past two and half years' worth of data. This update is used to determine the 2012 rates. Based on the analysis, an increase to consumption rates is not required for 2012.

Council received and approved the Water-Wastewater Rate Study update at the Committee of the Whole meeting on November 29, 2011. A copy of this report is available at Town Hall or on the website at www.wasagabeach.com. Staff will present the study at a public meeting to be held at the commencement of the regular Council meeting on January 24, 2012.

As part of the presentation update, staff will present the Financial Plan for the water system as required by Ontario Regulation 453/07 of the Safe Drinking Water Act.

Monica Quinlan
Town Treasurer
