**THE CORPORATION OF THE TOWN OF WASAGA BEACH BY-LAW NUMBER
2003-60**

Being a Zoning By-Law pursuant to the prohibitions, regulations and requirements of Section 34 of the Planning Act, R.S.O. 1990, c. P13 as amended, in the Town of Wasaga Beach.

Now therefore, the Council of the Corporation of the Town of Wasaga Beach enacts as follows:

SECTION 1 - TITLE, APPLICATION, SCOPE AND INTERPRETATION

1.1 TITLE

This By-law shall be known as the "Town of Wasaga Beach Zoning By-law".

1.2 APPLICATION OF THE BY-LAW

The provisions of this By-law shall apply to all lands within the Town of Wasaga Beach except as may otherwise be specified herein.

1.3 SCOPE AND EFFECT

No building, structure or land shall be used and no building or structure shall be hereafter erected or altered within the corporate limits of the Town of Wasaga Beach, except in conformity with the provisions of this By-law.

1.4 ZONES AND SCHEDULES

1.4.1 For the purpose of this By-law, the Town of Wasaga Beach has been divided into Zones, the boundaries of which are shown on the Map Schedules "A" through "T" which are attached hereto and form part of this By-law.

1.4.2 The Zones are referred to by the following names or symbols and are identified on the Map Schedules by the following symbols:

Section 4	R1	Residential Type 1 Zone
Section 5	R2	Residential Type 2 Zone
Section 6	R3	Residential Type 3 Zone
Section 7	R4	Residential Type 4 Zone
Section 8	RM	Residential Modular Home
Section 9	RE	Residential Estate
Section 10	CD	District Commercial Zone
Section 11	CS	Service Commercial Zone
Section 12	CL	Local Commercial Zone
Section 13	CR	Recreation Commercial Zone

Section 14	CT	Tourist Commercial Zone
Section 15	CA	Accommodation Commercial Zone
Section 16	CC	Campground Commercial Zone
Section 17	I	Institutional Zone
Section 18	MI	Industrial Inside Storage Zone
Section 19	MO	Industrial Outside Storage Zone
Section 20	ME	Industrial Extractive Zone
Section 21	MW	Waste Disposal Zone
Section 22	OS	Open Space Zone
Section 23	EP	Environmental Protection Zone
Section 24	RU	Rural Zone
Section 25	D	Development Zone

1.4.3 Schedules A,B,C,D,E,F,G,H,I,J,K,L,M,N,O,P,Q,R,S and T are included in and form part of this By-law.

1.4.4 Where the boundary of any Zone is uncertain, and on the Map Schedules attached hereto the boundary:

- i) is shown following a street, lane, railway, right-of-way, electric distribution line, right-of-way, or watercourse, then the lot line of the street, lane, railway, right-of-way, electric distribution line, right-of-way or watercourse shall be deemed to be the Zone boundary, or
- ii) is shown running parallel to a street line or other line or is irregular, then the Zone boundary may be determined in accordance with the scale shown on the Map Schedules.

1.4.5 When a lot contains more than one use, each such portion of the lot shall conform to the provisions of this By-law for such use in the Zone where it is located.

1.4.6 When a lot is divided into more than one Zone, each such portion of the lot shall be used in accordance with the provisions of this By-law for the applicable Zone.

1.4.7 For the purpose of this By-law, the map schedules included and forming part of this By-law may be, by resolution of Council, replaced and the replacement maps are deemed to form part of this By-law where changes or alterations to the map schedules are limited to the addition or alteration of road and lot fabric patterns only.

1.5 INTERPRETATION

The interpretation and application of the provisions of this By-law shall be held to be the minimum requirements for the promotion of health, safety, comfort, convenience and general welfare for the inhabitants of the Town of Wasaga Beach.

SECTION 2 - ADMINISTRATION AND ENFORCEMENT

2.1 ADMINISTRATION

This By-law shall be administered by the Zoning Administrator or such other person or persons as Council shall designate from time to time and no permit for the use of land or for the erection of any building or structure or approval of any municipal license within the jurisdiction of Council, shall be issued where the proposed use, building or structure would be in violation of any provision of this By-law.

2.2 COMPLIANCE WITH OTHER RESTRICTIONS

Nothing in this By-law shall be interpreted to relieve any person from the obligation to comply with the requirements of any other law or by-law in force within the Town, or from obtaining any permit, license, permission, authority or approval required by this and any other law or by-law. This By-law shall not be effective to reduce or mitigate in any way any restrictions lawfully imposed by a governmental authority having Jurisdiction to make such restrictions.

2.3 BUILDING AND OTHER PERMITS

Nothing in this By-law shall relieve any person from the obligation to comply with the requirements of The Ontario Building Code Act or regulations thereunder, as amended, or any other applicable law, where the obligation to obtain any permit, license, authority or approval is otherwise lawfully required.

2.4 INSPECTION

The Municipal Law Enforcement Officer, or any officer designated by Council to enforce the provisions of the Zoning By-law shall have all the powers authorized by Section 49 of the Planning Act, as amended.

2.5 VIOLATION AND PENALTIES

Any person convicted of a breach of any of the provisions of this By-law shall be liable to a penalty within the limits permitted in The Planning Act, as amended from time to time, exclusive of costs.

2.6 RESTRAINT

In case any building or structure is or is proposed to be erected, altered, reconstructed, extended or enlarged, or any building or structure or part thereof is or is proposed to be used, or any land is or is proposed to be used, in contravention of any requirements of this By-law, such contravention may be restrained by action at the insistence of any ratepayer, or of the Corporation of the

Town of Wasaga Beach pursuant to the provisions of The Planning Act, as amended, in that behalf.

2.7 FEES

Fees, as may be established by Council, may be charged to any person to offset the cost associated with the administration and enforcement of this By-law.

SECTION 3 - GENERAL PROVISIONS

3.1 ACCESSORY USES, BUILDINGS AND STRUCTURES

3.1.1.1 Uses Permitted

Where this By-Law provides that a lot may be used or a building or structure may be erected or used for a purpose, that purpose shall include any accessory building, structure, or use normally incidental to the main use, building or structure, but shall not include any of the following uses:

- i) any occupation for gain or profit conducted within or accessory to a dwelling unit;
- ii) any building for human habitation;
- iii) any part or body of a commercial motor vehicle;

except as specifically permitted by the By-law.

3.1.1.2 An attached accessory dwelling unit may be permitted as an accessory use to a main residential use in the Residential Type One (R1) Zone, the Residential Type Two (R2) Zone, and the Residential Type Three (R3) Zone, in accordance with the criteria set out in Subsection 3.28 of this By-Law.

3.1.2 Lot Coverage

Unless otherwise specified, detached accessory buildings to a residential use in any R1 or R2 Zone shall not use more than 65 square metres of lot area in total and no horizontal dimension shall exceed 9 metres.

3.1.3 Quantity

In a Residential Type 1 (R1) Zone or a Residential Type 2 (R2) Zone, a maximum of two detached accessory buildings shall be permitted.

3.1.4 Height

(2007-123)

Except as otherwise provided, the maximum height of any detached building accessory to a residential use shall be 5 metres measured from the established grade to the ridge of any gable, hip, gambrel, or mansard roof and 3.5 metres from the established grade to the highest point of a flat roof and shall not exceed one storey. The maximum height within 12 metres from the rear lot line of a through lot shall be 3 metres.

3.1.5 Yards

Except as otherwise provided, all accessory buildings and structures shall comply with the yard requirements of the Zone in which such accessory building or structure is located.

- 3.1.5.1** Notwithstanding the yard provisions of this By-law to the contrary, drop awnings, clothes poles, flagpoles, garden trellises, fences, retaining walls, legal signs, refuse enclosures or similar accessory structures shall be permitted in any yard.
- 3.1.5.2** Notwithstanding the foregoing, heat pumps and air conditioning units shall not be located closer than 0.9 metres to any interior side lot line.
- 3.1.5.3** Marine facilities shall be deemed to be accessory structures for the purpose of this By-law and may be located in the rear yard but no closer than 0.9 metres to the interior or exterior side lot line.
- 3.1.5.4** Except as otherwise provided herein, in any Zone, an accessory building or structure which is not attached to the main building shall not be erected in any yard other than the interior side yard or rear yard and such accessory building or structure shall not be located closer to the street line than the main dwelling.
- 3.1.5.5** Detached buildings accessory to a residential use equal to or less than 3.7 metres in
(2010-16) height may be located in an interior side or rear yard but shall be no closer than 0.9 metres to the lot line. Height shall be measured as per Subsection 3.1.4.
- 3.1.5.6** An attached accessory building or structure may be erected in front of, or beside the main building provided it is not located in a required yard and provided that it meets front and side yard setbacks and is constructed of the same type of material as the main building and is of similar design.
- 3.1.5.7** Except as otherwise provided, detached accessory buildings and structures may be permitted to be located between the front lot line and the main building on any lot, provided that such accessory building conforms to all other provisions of the By-law, and that the minimum front yard setback for such accessory building and structure shall be 12 metres.

3.2 HEIGHT EXCEPTIONS

3.2.1 The height provisions of this By-law shall not apply to the following uses:

- i) an air conditioner duct
- ii) a barn
- iii) a belfry
- iv) a chimney

- v) a church spire
- vi) a clock tower
- vii) a corn crib
- viii) a drying elevator
- ix) an elevator penthouse
- x) a farm implement shed
- xi) a feed or bedding storage use
- xii) a fire hose tower
- xiii) a flag pole
- xiv) a mechanical penthouse
- xv) a communication tower or satellite dish
- xvii) a skylight
- xviii) a silo
- xix) a utility plant
- xx) a water tower
- xxi) ornamental roof construction

3.2.2 A mechanical penthouse shall not cover an area greater than 75 per cent of the total floor area of the top storey and shall have a minimum distance of 3 metres of flat floor area at its base on at least three sides. The height of the mechanical penthouse shall not exceed 4.5 metres without increasing the horizontal distance to the edge of the building, but shall not exceed 6 metres in height.

3.3 YARD ENCROACHMENTS

3.3.1 Ornamental and Communication Structures

Notwithstanding any provisions of this By-law to the contrary, sills, bay windows, belt course, chimneys, cornices, eaves, gutters, parapets, pilasters, or similar ornamental structures may project into any required yard a maximum distance of 0.75 metres.

3.3.2 Patios

Notwithstanding any provisions of this By-law to the contrary, patios that are at grade level may project into any required yard.

3.3.3 Decks

Notwithstanding any provisions of this By-law to the contrary, decks may project into:

- i) a required front yard a maximum distance of 1.2 metres provided that the deck is not more than 0.6 metres above finished grade;
- ii) a required rear yard, but shall be no closer than 0.9 metres to the lot line, provided that the deck is not more than 0.6 metres above finished grade;

- iii) a required rear yard, but no closer than 3 metres to the lot line if the deck exceeds 0.6 metres above finished grade; and,
- iv) a required interior and/or exterior side yard a maximum distance of 0.9 metres provided that the deck is not more than 0.6 metres above finished grade.

3.3.4 Porches/Verandas

Notwithstanding any provisions of this By-law to the contrary, porches/verandas may project into any required front or rear yard a maximum distance of 1.2 metres provided that they are not more than 1.2 metres above finished grade and shall not exceed an area of 1.5 square metres.

3.3.5 Balconies

Notwithstanding any provisions of this By-law to the contrary, balconies may project into any required front or rear yard a maximum distance of 1.2 metres provided that they are located at a greater height than the bottom of the first floor ceiling joists.

3.3.6 Steps and Accessibility Ramps

Notwithstanding any provisions of this By-law to the contrary, steps and/or accessibility ramps to an entrance may project into any required front yard a maximum distance of 1.2 metres and may project into any required interior or exterior side yard a maximum distance of 0.9 metres provided that such uses are not below grade or not more than 0.6 metres above grade within the required yard.

3.4 SIGHT TRIANGLES

3.4.1 Within any area defined as a sight triangle, the following uses shall be prohibited:

- i) a building, structure or use which would obstruct the vision of drivers of motor vehicles;
- ii) a fence, tree, hedge, bush or other vegetation, the top of which exceeds 1.0 metres in height above the elevation of the street line;
- iii) a finished grade which exceeds the elevation of the street line by more than 0.6 metres.

3.5 FENCES

3.5.1 Notwithstanding any provisions of this By-law to the contrary, fences shall not exceed 1.2 metres in height on the front lot line, and shall not exceed 1.2 metres in

height to the distance required for front yard setbacks and thereafter a maximum of 2.13 metres.

3.5.2 Notwithstanding any provisions of this By-law to the contrary, in the case of a lot abutting a water body, fences shall not exceed 1.2 metres in height to the distance required for rear yard setbacks so as to prevent the blocking of views.

3.5.3 For the purpose of this By-law, fences are deemed not to be structures.

3.6 DISTANCE BETWEEN BUILDINGS AND STRUCTURES

3.6.1 No detached building or structure including the sills, bay windows, belt course, chimney, cornices, eaves, gutters, parapets, pilasters or similar ornamental structures shall be located closer than 1.2 metres to any other building or structure.

3.7 SWIMMING POOLS

3.7.1 Location - R1, R2, RE, RM and RU Zones

A swimming pool is permitted as an accessory use to a permitted R1, R2, RE, RM or RU use provided that it complies with the following:

- i) in the front yard if no part of such pool is located closer to any lot line or street line than the minimum distance required for the principal building located on such lot;
- ii) in the side and rear yard if no part of such pool is located closer than 1.5 metres to the side or rear lot line;
- iii) the maximum height of such pool and any required fencing is not more than 2.5 metres above the average finished grade of such pool;
- iv) any required building or structure, other than a dwelling, required to change clothing or for a pumping or filtering facility or other singular accessory uses complies with the provisions of this By-law respecting accessory buildings on such lots; and,
- v) no water circulating or treatment equipment shall be located closer than 1.5 metres to any side or rear lot line.

3.7.2 Location - Other Permitted Zones

A swimming pool is permitted as an accessory use to a permitted R3, R4, CA, CR, CC, CT, I or OS use provided that it complies with the setback requirements of the Zone and the requirements of The Ontario Building Code Act as amended.

3.7.3 Fence

Every swimming pool shall be enclosed by a fence with gate in accordance with all Municipal by-laws, as amended from time to time.

3.7.4 Lot Coverage Exemption

A swimming pool shall not be considered as part of the lot coverage provided no part of the swimming pool or its railing protrudes more than 1.4 metres above the ground level surrounding the swimming pool.

3.8 SPECIAL HIGHWAY SETBACKS

Notwithstanding any other provisions of this By-law, where a lot abuts a Provincial Highway or County Road, the provisions of the Public Transportation and Highway Improvement Act or applicable County Requirements shall apply with regard to building setbacks from the highway centreline or right-of-way and other related matters, and where these requirements exceed the minimum requirements of this By-law they shall be complied with.

3.9 MEASUREMENT OF SETBACK AND YARD REQUIREMENTS

3.9.1 Where the regulations of a Zone include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres, such minimum yard shall be determined by measuring at right angles from either the street line of the public street or the lot line abutting such yard in the direction of such lot or parcel of land a distance equal to the said specific number of metres in the relevant regulation of such particular Zone.

3.9.2 Except as otherwise provided, in the case of a Zone boundary which is located between the lot line and the use to which the setback applies, the setback shall be calculated from the Zone boundary.

3.10 EASEMENTS AS YARDS

Where a lot includes any portion of an easement, such easement may be considered part of the lot for the purpose of computing the lot area and the yard depth or width of the lot, provided that the depth of the rear yard of the lot shall not be less than 6 metres.

3.11 FLOOD PLAIN DEVELOPMENT

Where a Zone is affixed with the symbol "F", the development or redevelopment of any buildings or structures within this Zone shall be prohibited unless such development is in compliance with a Site Plan Control Agreement which has be

properly registered as provided for under The Planning Act, as amended, and a permit is obtained from the Conservation Authority.

3.12 WATERCOURSE, FLOOD PLAIN, SLOPE REGULATIONS

3.12.1 Notwithstanding anything in this By-law save and except for the provisions of Section 3.26, Public Uses, or a building or structure used for the control of erosion or flooding, no building or structure requiring a building permit or septic system tile field shall be erected or placed in the following areas:

- i) Within thirty (30) metres of the high water elevation of a watercourse or environmental protection Zone, including a municipal drain, except where a municipal drain and/or ditch forms part of a road allowance, notwithstanding that such watercourse is not shown on any schedule forming part of this By-law and in the case of a septic system tile field within 15 metres. Notwithstanding the minimum setback distance herein, a shorter distance may be permitted, without the need to amend this By-law, where permission has been granted by the Conservation Authority or appropriate government agency having jurisdiction, in a form, including studies and tests, suitable to the Chief Building Official; and,
- ii) No building or structure shall be permitted in a flood plain unless permission has been granted by the Conservation Authority or the appropriate government agency having jurisdiction, in a form including studies and tests, suitable to the Chief Building Official.
- iii) No permit shall be issued for any building to be constructed or septic system tile field within any land situated within 15 metres of any top of bank, the slope of which exceeds 33 percent from horizontal. Notwithstanding the minimum setback distance herein, a shorter distance may be permitted, without the need to amend this By-law, where permission has been granted by the Conservation Authority or appropriate government agency having jurisdiction, in a form, including studies and tests, suitable to the Chief Building Official.

3.13 PLANTING STRIPS

3.13.1 Required Locations

Planting strips shall be required where a lot is used for a non-residential purpose, and:

- i) the interior side lot line or rear lot line abuts a residential use or land in a Residential Zone; or
- ii) where such a lot is in an Industrial Zone and the front, side or rear lot line

abuts a street line and the opposite street line abuts a residential use or land in a Residential Zone;

3.13.2 Width

Where, in any Zone, a planting strip is required, it shall have a minimum width of 3m, measured perpendicularly to the lot line adjoining such planting strip.

3.13.3 Vegetation Height in Sight Triangle

No vegetation within a sight triangle shall exceed a height of 1.0 metres.

3.13.4 Interruption for a Driveway or Walk

Where a driveway or walk extends through a planting strip, it shall be permissible to interrupt the planting strip within 3 metres of the edge of such driveway or within 1.5 metres of the edge of such walk.

3.13.5 Landscaped Open Space

A planting strip referred to in this subsection may form part of any landscaped open space required by this By-law.

3.14 SIGNS

Nothing in this By-law shall prevent the erection, alteration or use of any sign, provided such sign complies with any by-law of the Corporation regulating signs and provided such sign complies with the provisions of this By-law regarding sight triangles.

3.15 ILLUMINATION

Light fixtures, which are not public uses and which are designed for exterior illumination, shall be installed with the light directed downward and deflected away from adjacent lots and streets. Such lighting fixtures shall not be more than 9 metres above finished grade and no closer than 4.5 metres to any street line.

3.16 CORNER LOTS

The front lot line shall be deemed to be either the shortest of the lot lines that abut the streets or the lot line where the principal access to the lot is provided.

3.17 THROUGH LOTS

3.17.1 Where a lot which is not a corner lot has frontage on more than one street, the setback and front yard requirements contained herein shall apply on each street in

3.17.2 accordance with the provisions of the Zone or Zones in which such a lot is located. Special provisions applying to through lots are contained in Subsection 3.1, "Accessory Uses, Buildings and Structures", Subsection 3.13 "Planting Strips" and Subsection 3.41 "Parking of Special Vehicles".

3.18 STREET REQUIREMENT

No person shall erect any building or structure, or use any lot in any Zone unless access for vehicular traffic, in the form of an unobstructed driveway or passageway at least 3.0 metres in width, is provided from such lot to a street that abuts the said lot.

3.19 SERVICING REQUIREMENT

No building or structure, intended for human habitation or occupancy, may be erected or used unless connected to:

- i) municipal sanitary sewers and/or water supply;
- ii) or in the absence of one or both of the above to alternative servicing which is provided to the satisfaction of the approval agency having jurisdiction.

3.20 EXTERNAL BUILDING MATERIALS

The following building materials shall not be used for the exterior vertical facing on any wall of any building or structure including fences, within the Corporation:

- i) tar paper,
- ii) building paper,
- iii) asphalt roll type siding,
- iv) particle board

3.21 MINIMUM LOT AREA

3.21.1 Subject to the provisions of Section 3.23, the minimum lot area shall be as contained in the appropriate section of this By-law for the Zone in which the lot is located. However, larger area may be required by the approval agency having jurisdiction.

3.21.2 No part of an Environmental Protection (EP) Zone shall be used to calculate any lot area except as may be provided in Section 24.3.12 of the Rural (RU) Zone.

3.22 NON-CONFORMING USES

3.22.1 The provisions of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose on the date of passing of this By-law,

so long as it continues to be used specifically for that purpose.

3.22.2 The provisions of this By-law shall not apply to prevent the erection or use of a building or structure for a purpose prohibited by this By-law for which a building permit has been issued prior to the date of the passage of this By-law so long as such building or structure, when erected, is used for the purpose for which it was erected, and provided that the erection of such building or structure is commenced within the time requirements as set out in the building permit and such building or structure is completed within a reasonable time after the erection thereof is commenced.

3.22.3 The exterior of any building or structure which was lawfully used prior to the effective date of this By-law for a purpose not permissible within the Zone in which it is located, shall not be enlarged, extended, reconstructed or otherwise structurally altered, unless such building or structure is thereafter to be used for a purpose permitted within such Zone, and complies with all requirements of this By-law for such Zone.

3.22.4 The interior of any building or structure which was lawfully used for a purpose not permissible within the Zone in which it is located, may be reconstructed or structurally altered, in order to render the same more convenient for the existing purpose for which such building or structure was lawfully used.

3.22.5 Nothing in this By-law shall apply to prevent the replacement or strengthening to a safe condition of any building or structure or part thereof which has deteriorated to an unsafe condition or has been damaged beyond the control of the owner, which is occupied by a non-conforming use, provided such strengthening does not change the location or increase the height, area or volume of the original building or structure. Foundations are permitted provided that the foundation does not exceed 1.8 metres in total height and does not provide for human habitation.

3.23 NON-COMPLYING LOTS, BUILDINGS OR STRUCTURES

3.23.1 Notwithstanding any other provision of this By-law, a lot held in distinct and separate ownership on the date of passage of this By-law, except for a lot on a registered plan deemed not to be a plan under The Planning Act, as amended, having less than the minimum frontage and/or area required by this By-law, may be used for a purpose permitted in the Zone in which said lot is located, provided that all other applicable provisions in this By-law are complied with.

3.23.2 Where an authority possessing power of expropriation or acquisition or is authorized pursuant to the provisions of The Planning Act acquires land and such acquisition deprives a parcel of land in frontage or area, or a required setback to a building or structure, the part of such parcel or required setback to such building or structure so deprived, shall be deemed for the purpose of this By-law, to conform to the provisions of this By-law.

3.23.3 No person shall replace or make an addition to any existing building or structure which does not comply with the required yards of the Zone in which it is located. However, the said building or structure may be replaced, repaired and/or renovated provided that:

- i) the deterioration or damage was beyond the control of the owner;
- ii) such replacement repair or renovation does not increase the height, area or volume of the original building or structure. Foundations are permitted provided that same does not allow for human habitation and that same foundation does not exceed 1.8 metres in total height, and;
- iii) all other applicable Zone and general provisions are complied with.

3.23.4 Notwithstanding Subsection 3.23.3, where a building is in a Residential Zone and is located on a lot having less than the minimum front yard, side yard and/or rear yard required by this By-law, an attached deck shall be permitted provided that the said deck meets the provisions of Section 3.3, and that the deck is not covered or enclosed in any way.

3.23.5 The interior of any building or structure may be reconstructed or structurally altered.

3.23.6 Notwithstanding Subsection 3.23.3, an addition to an existing permitted dwelling is permitted and for the purpose of this By-law the dwelling is deemed to comply with the provisions of the Zone, provided that:

- i) the property is Zoned either Residential Type 1 (R1), Residential Type 2 (R2) or Rural (RU);
- ii) the encroachment of the dwelling into any required yard(s) of the Zone shall not exceed 15% in each separate yard;
- iii) the encroachment of the dwelling must have been constructed prior to the date of passing of this By-law;
- iv) that, if the dwelling was constructed after February 1975, a building permit for same was issued;
- v) the dwelling on the property has a minimum of 70 square metres;
- vi) the dwelling is supported by a concrete footing and perimeter or full foundation, and;
- vii) any construction after the date of passing of this By-law including the proposed extension complies to the setbacks of the Zone.

3.24 HOLDING ZONES

3.24.1 Within any Zone wherein the suffix "H" has been added to the Zone symbol, no person shall use any land, erect, alter, enlarge, use or maintain any building or structure for any use other than as permitted in Subsection 3.24.2, and also such

use, building or structure shall be in accordance with the regulations contained in Subsection 3.24.3.

3.24.2 Permitted Uses:

- i) agricultural use
- ii) conservation and wildlife sanctuary including a forestry use
- iii) public park
- iv) public use in accordance with the provisions of Section 3.26
- v) uses existing at the date of passing of this By-law in accordance with Subsection 3.24.3 below
- vi) accessory buildings and uses to any permitted use in accordance with the provisions of Section 3.24

3.24.3 Zone Regulations

3.24.3.1 For an agricultural or conservation and wildlife use, the Zone provisions of the Rural (RU) Zone, Section 24, shall apply.

3.24.3.2 A single detached dwelling unit shall comply with the provisions of Section 4, Residential Type 1 (R1) Zone

3.24.3.3 A public park shall comply with the provisions of the Open Space (OS) Zone, Section 22, shall apply.

3.24.4 Future Uses

For more detailed information in regard to the possible future permitted uses which may occur within these Zones, reference should be made to the Official Plan of the Town of Wasaga Beach.

3.25 PROHIBITED USES

3.25.1 Except as otherwise specifically permitted in this By-law, the following uses are prohibited in any Zone:

- i) abattoir
- ii) refining coal, oil or petroleum products
- iii) tanning hides or skins
- iv) manufacturing gas
- v) manufacturing glue
- vi) locating or storing on any land for any purpose whatsoever any disused railroad car, truck, bus or coach body whether or not the same is situated on a foundation.

3.25.2 In addition to the uses prohibited in 3.25.1 of this Section, any use is prohibited

which, from the nature of the materials used therein is declared under The Public Health Act or any regulations adopted thereunder to be a noxious trade, business or manufacture.

3.25.3 In addition to the uses prohibited in 3.25.1 of this Section, all uses of land and the erection or use of any building or structure for a purpose not permitted under the "Permitted Uses" subsection of one or more Zones established by the By-law are and shall be deemed to be prohibited in each such Zone, except for those uses of land and the erection or use of any building or structure for a purpose expressly permitted under the applicable provisions of Section 3.26, Public Uses, hereof.

3.26 PUBLIC USES

3.26.1 Streets and Installations

3.26.1.1 Nothing in this By-law shall prevent the use of land for a street or prevent the installation of a watermain, a sanitary sewer main, storm sewer main, gas main, pipeline, lighting fixture, overhead or underground electrical, cable or telephone line provided that the location of such main or line has been approved by the Corporation.

3.26.1.2 Any telephone or cable company and the Wasaga Beach Hydro-Electric Commission may, for the purposes of the public service, use any land or erect, or use any building or structure in any Zone. However, such use, building or structure shall be in compliance with the regulations prescribed in such Zone. There shall be no exterior storage in yards of goods, materials or equipment in any residential, institutional or rural Zone.

3.26.2 General Provisions

Every public use shall comply with the General Provisions of this By-law as contained in Section 3 hereof.

3.26.3 Provisions in Residential Zones

Any above ground non-recreational public use which is located in a Residential Zone shall be enclosed in a building or structure designed, located and maintained in general harmony with the permitted residential buildings in such Zone or shall be suitably buffered.

3.26.4 Wayside Pits

Nothing in this By-law shall prevent a wayside pit or quarry or asphalt plant used in connection with a public road authority contract.

These provisions shall also apply to the property located between 3rd Street and 6th Street and having frontage on Nottawasaga Bay.
- 3.34.2** Buildings located on property being within a distance of 30 metres of Beach Drive shall not exceed two storeys or 8.5 metres in height.

3.35 OUTSIDE STORAGE

- 3.35.1** Except as otherwise permitted in this By-law, no outside storage of goods or materials shall be permitted in any Zone.
- 3.35.2** Where permitted, outside storage may be subject to site plan control under The Planning Act, as amended, and without limiting the generality of the foregoing,

may include requirements in regard to the buffering and screening of the use from adjacent uses.

3.36 OUTSIDE DISPLAY OF GOODS

3.36.1 In those Zones where the outside display of goods is permitted, the following provisions shall be complied with.

3.36.2 Such outside display is accessory to a permitted commercial use carried on in an enclosed building or portion thereof on the same lot.

3.36.3 The area used for outside display shall not be more than half of the main floor area above grade of the commercial building or portion thereof of any building constructed for which outside display and sale is permitted, and in any event, such area for outside display and sale shall not be more than 10% of the lot area. The maximum area for outside display and sale in the case of a motor vehicle sales or rental establishment, an agricultural implement sales establishment, a trailer sales and service establishment, a swimming pool sales and display establishment, a nursery and garden centre and a marina shall be 80% including any buildings and structures.

3.36.4 The area used for outside display shall provide side and rear yards in accordance with the provisions for the Zone in which the land is situated, but in any event, shall not be closer to any side or rear lot line than 3 metres and if the interior side lot line or rear lot line of a lot upon which such outside display and sale is permitted abuts a Residential Zone, then a landscaped open space area shall be provided along such abutting lot line or portion thereof to a depth of not less than 3 metres.

3.36.5 The area used for outside display shall be in addition to and separated from the required parking area.

3.36.6 The area used for outside display shall be surfaced and maintained with either concrete, asphalt, crushed stone and/or other hard surface and dustless materials, or maintained as a lawn. The minimum landscaped open space requirement of the Zone shall also apply.

3.37 TEMPORARY BUILDINGS AND STRUCTURES

3.37.1 In C, I or M Zones, where a temporary building or structure is necessary for the storage of tools or materials for use in connection with the construction of the main building, the accessory building or structure may be erected on the lot before the erection of the main building, provided that a building permit is issued for the temporary building or structure and the main building and further, provided that such temporary building or structure shall be used only for the purpose of storage. The size of the temporary building shall be appropriate to the construction proposed. When the main building is ready for occupancy or the work abandoned,

the temporary storage building shall be removed. Such temporary structure shall not include a truck van body or bus body.

3.38 OFF STREET PARKING REQUIREMENTS

3.38.1 Requirements

3.38.1.1 For every building or structure to be erected, altered, or its use converted to any of the uses specified by the following, off-street parking facilities shall be maintained upon the same lot on which the principle use is located and in accordance with the following provisions contained in this section unless otherwise specifically provided.

3.38.2 Location and Access

3.38.2.1 The required parking area shall not form a part of any street or lane. The required parking area shall be provided on the lot occupied by the building, structure or use for which the said parking is required.

3.38.2.2 Access to the required parking spaces and parking areas shall be provided by means of unobstructed driveways or passageways at least 3 metres in width. For residential uses the maximum width of any driveway shall be 6 metres for dwellings having no garage or single car garages, not more than 7.6 metres for double car garages and not more than 9 metres for triple car garages. For uses within commercial, industrial or institutional Zones the minimum width of any access driveway shall be 6 metres but not more than 12 metres.

3.38.2.3 Each parking space shall have a minimum area of 16.7 square metres and is not less than 2.8 metres in width nor less than 5.5 metres in length.

3.38.2.4 Unless otherwise permitted, each parking space shall be readily accessible at all times and arranged in such a manner to provide access and maneuvering space for the parking and removal of a motor vehicle without the necessity of moving any other motor vehicle.

3.38.2.5 The aisles between parking spaces within a parking area shall have a minimum width of 6m.

3.38.2.6 The minimum distance between two separate driveways on one lot, measured along the street line, shall be 7.6 metres.

3.38.2.7 The minimum distance between a driveway and an intersection of street lines, measured along the street line intersected by such driveways, shall be 9 metres in all Residential Zones and 15 metres in all other Zones.

3.38.2.8 The minimum angle of intersection between a driveway and a street line shall be 60 degrees.

3.38.2.9 Every lot shall be limited to the following number of driveways:

- i) Two driveways with a combined width not exceeding 30% of the lot frontage, for the first 31 metres of lot frontage or portion thereof; and
- ii) One additional driveway for each additional 30 metres of lot frontage.

3.38.2.10 No driveway shall be established closer than 1.0 metre to a side lot line, provided this shall not apply to prevent the establishment of abutting driveways along a common lot line if their combined width does not exceed 9 metres.

3.38.3 Yards Where Permitted

3.38.3.1 Notwithstanding any yard provisions of this By-law to the contrary, uncovered surface parking shall be permitted as follows:

Residential	All yards, except in the required front and exterior side yards wherein parking shall be limited to a properly surfaced driveway.
Institutional, Rural, Open Space and Commercial	All yards provided that no part of any parking area, other than a driveway is located closer than 1.5 m to any street line.
Industrial	Interior side and rear yards only, except for visitor parking covering not more than 15% of the yard area in which it is located, provided that no part of any parking area, other than a driveway is located closer than 1.5 m to any street line.

3.38.4 Surface

3.38.4.1 Each parking area and driveway connecting the parking area with a street shall be paved with an asphalt or concrete surface and be bounded by curbs, except that in the case of a residential dwelling unit containing not more than three dwelling units, such driveway shall, before being used, be constructed of one or more of the following: crushed stone, asphalt, concrete and any other approved surface for a combined depth of at least 15 centimetres and with provisions for drainage facilities.

3.38.5 Addition to Existing Use

3.38.5.1 When a building or structure has insufficient parking as of the date of passing of this By-law to conform to the requirements herein, this By-law shall not be interpreted to require the deficiency be made up prior to the construction of any addition. However, no addition may be built and no change of use may occur, the effect of which would be to increase the deficiency.

3.38.6 Parking Exemption

3.38.6.1 Notwithstanding the provisions of Section 3.38.9, “Minimum Parking Requirements”, where an agreement between Council and the owner of a property has been entered into pursuant to The Planning Act, as amended, exempting the owner from the requirement to provide parking, only the number of parking spaces as set out in the agreement are required to be provided and for the purpose of this By-law, the property and use shall be deemed to comply with the zoning by-law in this respect.

3.38.7 General Restrictions

3.38.7.1 A structure not more than 3 metres in height and not more than 4.5 square metres in area may be erected in the parking area for the use of parking attendants.

3.38.7.2 No sign, other than directional signs and the name of the owner which shall not exceed 0.9 square metres in total area shall be erected in any parking area.

3.38.7.3 No gasoline pump or other service station equipment shall be located or maintained on any parking area.

3.38.7.4 Where non-residential off-street parking abuts a Residential Zone, a planting strip of at least 1.0 metres in height shall be erected and maintained on or near the lot line.

3.38.7.5 Where a parking area or parking space is permitted or required by this By-law in any Residential Zone, no person shall use such parking area or parking space for any motor vehicle unless such motor vehicle has affixed thereto a license plate or sticker which is currently valid.

3.38.8 Interpretation

3.38.8.1 Where the application of ratios results in a fraction of a parking space, the required number of spaces shall be rounded up to the closest whole number.

3.38.8.2 Where parking requirements are related to seating capacity and seating is by open benches, each 0.5 metres of open bench shall be counted as one seat.

3.38.8.3 When a building, structure or lot accommodates more than one type of use as set out in Section 3.38.9, the parking space requirement for such a building, structure or lot shall be the sum of the requirements for the separate uses thereof.

Access to loading spaces shall be by means of a driveway at least 6 metres wide contained within the lot on which the spaces are located and leading to a street or lane located within or adjoining the Zone in which the use is located.

3.39.6 Insufficient Spaces

When a building or structure has insufficient loading spaces as of the passing of this By-law, to comply with the requirements herein, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition. However, no addition may be built and no change in use may occur, the effect of which would be to increase that deficiency.

3.40 PARKING OF COMMERCIAL VEHICLES

3.40.1 Any area where off street parking is permitted under this By-law shall only be used for the parking of operating vehicles bearing a valid motor vehicle license plate, and for vehicles used in operations incidental to the permitted uses in respect of which such parking spaces and area are required.

3.40.2 Notwithstanding the foregoing, the owner or occupant of any lot, building or structure in any Residential Zone may use the lot or any private garage of which he is the owner or occupant, erected upon any such lot, for the housing or storage of one commercial motor vehicle which he operates himself, which does not exceed 8000 kilograms gross vehicle weight and which does not employ an airbrake system.

3.41 PARKING OF SPECIAL VEHICLES

3.41.1 No person shall use any lot in any Zone for the purpose of parking or storing a house and/or park model trailer, motor home, commercial trailer, auto trailer, boat and/or boat trailer except in accordance with the provisions of this section or as provided elsewhere in this By-law.

3.41.2 For the purpose of this section, “auto trailer” shall mean a trailer, enclosed or unenclosed, designed to transport a single car and such other equipment, up to a maximum length of 13.4 metres from the rear to the front inclusive of the tongue or fifth wheel connection.

3.41.3 In a Rural Zone, the parking or outside storage of a house trailer, a motor home, an (2007-85) auto trailer, a commercial trailer, a boat and/or boat trailer is permitted only where such use:

- i) is accessory to an existing permitted use;
- ii) is located in the rear or side yard;
- iii) meets the minimum setbacks for accessory buildings in the applicable zone;
- iv) is limited to a maximum of one each of the following: a house trailer, a motor home, a commercial trailer, an auto trailer, a boat and/or boat trailer provided that the lot on which the vehicles are stored is greater than 1 hectare in area;
- v) is limited to a maximum of two special vehicles consisting of either a house trailer, a motor home, a commercial trailer, an auto trailer, a boat and/or boat trailer provided that the lot on which the vehicles are stored is 1 hectare in area or less;
- vi) A boat and boat trailer when used together shall be considered one vehicle”

3.41.4 In a Residential Zone, the parking or outside storage of a house trailer, a

(2007-85) motor home, an auto trailer, a boat and/or boat trailer is permitted only where such use:

- i) is accessory to an existing permitted use;
- ii) is located in the rear or side yard;
- iii) meets the minimum setbacks for accessory buildings in the applicable zone;
- iv) is limited to a maximum of two special vehicles consisting of either a house trailer, a motor home, an auto trailer; a boat and/or boat trailer;
- v) such house trailer, motor home, auto trailer, boat and/or boat trailer shall not exceed 7 metres in length exclusive of hitch or tongue and/or 2.6 metres in width; the length of a boat shall be determined by measuring from the furthest point of the bow (front) not including any bowsprit or removable devices, to the furthest point of the stern (rear) including any molded swim platform but not including any stern drive or motor or removable devices. The width of a boat shall be measured from the widest portion of the hull between the port and starboard side. The size of any boat may be confirmed by the presentation of registration documents and reference to the longest or widest measurements recorded within that document;
- vi) A boat and boat trailer when used together shall be considered one vehicle. The length or width of this vehicle shall be deemed to be the longest or widest measurement of either the boat or the boat trailer.
- vii) For residential waterfront properties, the storage of special vehicles may be permitted in the front yard provided the stored special vehicle maintains a minimum front yard setback of 7.6 metres, and a minimum interior side yard setback of 1.8 metres or exterior side yard setback of 4.5 metres. Further the items shall be subject to Subsections 3.41.1 i), iv), v) and vi).

3.41.5 Notwithstanding Subsection 3.41.4, in a Residential Type 3 (R3) Zone or a Residential Type 4 (R4) Zone, the parking or storing of a house and/or park model trailer, a motor home, an auto trailer, a boat and/or boat trailer is only permitted within a fully enclosed building.

3.41.6 The provisions of Subsection 3.41.4 shall apply to an accessory residential use in a Non-Residential Zone.

3.41.7 In any Residential Zone, the parking or outside storage of commercial trailers is not permitted except where permitted elsewhere in this By-law.

3.41.8 In all Zones, human habitation is prohibited in a commercial trailer, auto trailer, boat, boat trailer, house and/or park model trailer or motor home unless otherwise permitted.

3.41.9 Notwithstanding the preceding subsections, the limitations imposed therein shall not restrict the number of house and/or park model trailers, motor homes, commercial trailers, auto trailers, boats and/or boat trailers that are fully enclosed within a private garage.

3.41.10 (2007-85) Notwithstanding the preceding subsections, the parking or storage of an auto trailer, house trailer, motor home, boat or boat trailer may be permitted in a Residential or Rural Zone for a maximum period of 5 days in any one calendar month in a front yard or exterior side yard, provided that such lot is not used for apartment dwelling purposes.

3.41.11 In a Residential Zone, the temporary parking of an auto trailer, a house trailer, a motor home, a boat, and an all terrain vehicle in the front yard on the driveway, is permitted from April 1st to October 31st and the temporary parking of up to two snowmobiles is permitted from November 1st to March 31st only where such use:

- i) is accessory to an existing permitted use;
- ii) is limited to a maximum of one at any time in the case of an auto trailer, a house trailer, a motor home, a boat and an all terrain vehicle and a maximum of two snowmobiles;
- iii) in the case of a boat, all terrain vehicle or snowmobile (2) these shall be located on a trailer with an affixed number plate as defined by the Highway Traffic Act R.S.O. 1990 C.H. 8 as amended Section 7(4) and registered with the Ministry of Transportation;
- iv) All of the above are subject to Subsection 3.41.4v).
