

River Road West Reconstruction Brillinger Drive to Veterans Way Construction Newsletter No.2

September 1, 2017

Current Construction Events (August 28th to September 1st)

The work for the Reconstruction of River Road West from Brillinger Drive to Veterans Way started on August 28th, 2017. The Contractor has mobilized and started work at the storm sewer outlet at the intersection of Veterans Way and River Road West.

The following is a brief summary of the ongoing work and map showing the general work area:

- 1. Location:** **River Road West & Unopened ROW of Veterans Way**
- Scope of Work:** Installation of Storm Sewer Outlet
- Impacts:** Temporary closures to allow for construction traffic in and out of the work area.

Upcoming Construction Events (September 4th to September 8th)

- 1. Location:** **River Road West & Veterans Way Unopened ROW**
- Scope of Work:** Installation of Storm Sewer Outlet
- Impacts:** Temporary closures to allow for construction traffic in and out of the work area.

How will Access to my Property be Affected?

Primrose Contracting will maintain unobstructed pedestrian access to all dwellings and businesses. Where work is located within driveways or entrances to dwellings and/or businesses, temporary access will be provided. Full access will be restored as quickly as possible after the full work is completed.

Primrose Contracting will give prior notice of any access restrictions to the residents and businesses. We ask for your patience in such instances.

Access for emergency vehicles will be maintained at all times.

Special Needs

If you require wheelchair access or other special needs, please contact the Project Manager or Construction Inspector.

How Will My Services Be Affected?

Telephone, hydro, cable TV, sewer and gas services should not be affected by the construction, barring any unforeseen circumstances. Unplanned interruptions to your services may occur. Your patience during these times is appreciated. The Contractor is committed to restore the services as quickly as possible.

Water service will be affected for short periods of time when new water services are installed. You will be notified in advance as to when to expect these planned interruptions to your water supply.

The Contractor will collect garbage and recycling containers, as required for pickup and return the containers to individual properties on each garbage day while the construction operations interfere with regular garbage/recycling pickup. **Please be sure to clearly label your containers so that they can be returned.**

Safety

Primrose Contracting is required to conduct the work in a safe manner, including fencing of the work area, etc. We ask that you take extra caution during the construction period to ensure everyone's safety.

Newsletters

A Construction Newsletter will be available on the Town web site (www.wasagabeach.ca) or available by email upon request to mark.russo@rjburnside.com.

Who Do I Call If I Have a Problem?

Primrose Contracting has designated a "Project Relations Officer" to respond to public enquiries related to this project. The Project Relations Officer should be your first point of contact regarding any construction related concern.

The Public Relations Officer will be available 24/7 for emergencies at the phone number provided below. Please keep in mind that the Public Relations Officer should only be contacted outside of the normal working hours between 8:00 AM and 5:00 PM for emergencies or critical situations only.

R.J. Burnside & Associates Limited is administering the project on behalf of the Town. If you have any questions regarding the construction, you may also call a Burnside representative, as noted below, between the hours of 8:30 A.M. to 5:00 P.M., Monday to Friday, and your call will be responded to as soon as possible.
