

DEVELOPMENT SERVICES COMMITTEE

REPORT

Held Thursday, July 23, 2015 at 10:00 a.m.
In the Classroom, Town Hall

PRESENT:	N. Bifulchi	Deputy Mayor/Chair
	R. Anderson	Councillor
	B. Smith	Councillor
	R. Ego	Councillor
	S. Bray	Councillor
	B. Stockwell	Councillor
	B. Smith	Mayor
	G. Vadeboncoeur	Chief Administrative Officer
	R. Kelso	Manager of Planning and Development
	D. Herron	Senior Planner
	N. Wukasch	Planner
	T. Jarratt	Zoning Administrator
	C. Taggart	Recording Secretary

REGRETS:

1. CALL TO ORDER

Deputy Mayor Bifulchi called the meeting to order at 10:00 a.m.

2. DISCLOSURE OF PECUNIARY INTEREST

3. DEPUTATIONS, PRESENTATIONS, PETITIONS AND PUBLIC MEETINGS

i) Public Meeting - Sean Pereira 58 River Road East Rezoning – Z04-15

The Chair welcomed Nick Ainley and Simon Ainley of the Ainley Group to the meeting.

Notice of Public Meeting was published in the Wasaga Sun Newspaper on July 2, 2015, and circulated to all property owners and assessed persons within 400 feet from the subject lands. This provided 20 days of notice for the public meeting and this meeting is therefore properly constituted as required by the Planning Act.

THE LAND SUBJECT TO THE PROPOSED ZONING BY-LAW AMENDMENT includes approximately 1,035 square metres (.26 acres) of land legally described as Lot 3, Plan 547, located at 58 River Road East in the Town of Wasaga Beach.

THE PROPOSED ZONING BY-LAW AMENDMENT would rezone the subject lands from the Residential Type 1 (R1) Zone to an Accommodation Commercial Fifteenth Exception (CA-15) Zone. The exceptions would permit a minimum frontage of 18.2 metres (59.7 feet), a minimum rental unit area of 18.35 square metres (197 square feet), and a minimum interior side yard setback of 0 metres and 0.43 metres (1.4 feet).

THE EFFECT of the proposed Zoning By-Law Amendment would be to permit a four unit tourist establishment use on the subject lands. The proposed exceptions would recognize the location and size of existing buildings on the lands and the existing frontage of the parcel.

As a result of the circulation of the Notice of Public Meeting the following written comments were received:

Letters of Support: None

Letters of No objection: The Simcoe County District School Board and the Nottwasaga Valley Conservation Authority have advised they have no objection to the application.

Letters of Concern: None

Letters of Objections: Colleen Hough of 40 River Road East, stated concerns regarding increased noise, vandalism and illegal activities, that the property does not meet by-law requirements for parking, frontage, paved driveway, side yards, rear yards, landscaped open space, rental area, minimum distance between buildings. Further concerns are noted regarding the future of the River Road East corridor.

In addition the Town is in receipt of 121 form objection letters submitted by residents. The form letters state concerns as follows:

- Compatibility between full time residents and short term rentals;
- Renting to Young Adults and potential impact on the neighbourhood;
- Overcrowding, vandalism, trespassing, rowdiness, noise
- Setting a Precedent;
- the proposal does not meet the zoning provisions for parking, and the Accommodation Commercial Zone ;
- the area should be kept as a mixed use of managed commercial and residential lands;
- absent land owners renting their lands could result in problems in the neighbourhood;
- garbage;
- negative effects on Town image;
- wrong message for tourism
- maintenance of the property;
- increase in traffic;
- does not meet towns Revitalization Project Study
- policing
- depreciation of land values

The Chair asked Ms. Jarratt, if we have received any further letters or correspondence in regard to this application?

Ms. Jarrat advised that one letter was received from Sandra Boland which is in objection to the rezoning. She then listed the concerns noted in the letter which included the matter of legal non-conforming use, historical zoning of the property, character and continuity in the neighbourhood, and the direction of development on River Road East.

Mr. Nick Ainley of Ainley and Associates will now make a brief presentation and will provide further details with respect to the proposed Zoning By-Law amendment.

Mr. N. Ainley advised that his client is seeking a rezoning for his property at 58 River Road East. Mr. N. Ainley advised that since their attendance as a delegation at a previous Development Services Committee meeting the legal non-conforming use for the property has been confirmed and his client is pursuing the business license. His client would still like to proceed with the re-zoning to bring the property into conformity. Mr. N. Ainley advised that Mr. Pereira is aware of the concerns of that have been brought forward by residents and his intent it to address the concerns identified. Mr. N. Ainley then gave a brief power point presentation which gave a description of property which is located between Beck Street and Main Street and fronts onto River Road East. He advised that there are other accommodation commercial uses in the immediate area. Municipal services are available to the property and there are currently three (3) structures on the property. Mr. N. Ainley advised that the Official Plan designation of the property is Accommodation Commercial and the current zoning is Residential Type One (R1) and a small portion of the property is zoned Environmental Protection (EP). Mr. Ainley gave a history of the use of the lands from 1952 to 2015 and advised that the commercial accommodation use has been ongoing from 1998 to present. His client was informed when trying to obtain a business license that the zoning was Residential Type One (R1) and would like to rezone the property to the Accommodation Commercial Fifteenth Exception Zone (CA-15). The exceptions would provide a reduction for the minimum frontage requirement, minimum unit area, and minimum setback requirement for the rear. Mr. Ainley advised that his client intends to improve the driveway and does not condone noise, trespassing or vandalism. Mr. Ainley advised that the site's landscaped open space meets the minimum requirements. His client is not proposing any new structures on the property.

The Chair asked if there was anyone present that would like to provide input either in support of, or in opposition to, the proposed Zoning By-Law Amendment? If so, please stand and clearly state your name and address in order that it may be correctly entered into the records of today's proceedings.

Tom Stefan of 87 River Road East stated that he owns property across the road from the applicant's property and advised that the 700 square foot house was moved onto the property from an adjacent property in 1993 and is not a new build.

Maryanne Watts asked when the business is running would there be management on site to deal with any by-law issues. Mr. Ainley advised that his client does have management and his client himself will also check on the property. He further advised that moving forward his client will enter into a management agreement.

Mr. Stefan advised that the property has been rented illegally and has never been addressed and there is no control on the site.

Sandra Boland of 40 River Road East advised that she is here to speak also on behalf of her partner Colleen Huff, her father and Hamount Investments, owners of various properties on River Road East. She stated that they are bothered by the activities on the property including parties into early morning hours which are loud. Ms. Boland advised that she has spoken with Aaron Anthony, who is managing the property. Ms. Boland advised that Mr. Pereira has been running a business for two years without proper authority. She stated that she strongly opposes the rezoning along with her partner Colleen Huff, her father and Hamount Investments. She advised that she has collected more than 110 letters of opposition to the rezoning. She commented that the Official Plan shows the property as being designated

Accommodation Commercial however she feel that the Official Plan is fluid and changes can occur. She stated that she has a copy of Mr. Pereira's application and that in Section 3 of the application Mr. Pereira states that the existing use of the property is Residential Type One (R1) which contradicts the sworn statement of the legal non-complying use. She advised that in 2003 the property was rezoned to the Residential Type One (R1) Zone and Mr. Pereira did not object. She stated that the property does not meet the Zoning By-law requirements. Ms. Boland commented that she feels that the Planning Department has misinterpreted the by-law for the parking requirements. She made a comparison of the parking requirements for a bed and breakfast use and the number of spaces required for guest rooms. She stated that the Planning Department has taken each structure and applied a 1.2 parking spaces requirement per structure rather than the bed and breakfast use requirement. She advised that there is no accessible parking space provided on site, and that there are parking tandem and the parking area is not paved. She commented that residents and business people are in strong opposition to the use on the property. She further commented that Accommodation Commercial property owners create a situation where they cannot control their renters. She advised that her partner cuts the grass on the outer side of the fence on the property. She advised that Aaron Anthony put a post on Facebook which says that this River Road East area is the worst in Wasaga Beach for police being called. She commented that she sees value in the residential component of the area as it is the gateway to the Beach. She then read statements from letters already provided in opposition. Ms. Boland advised that the property has been rented on a yearly basis or has sat empty. She commented that there are tourism accommodations in the Town that have difficulty filling. She understands that tourism is a component of Wasaga Beach but need to focus on the residential component as well. She spoke to the rezoning application for Crissies Cabins, located on River Road East, which is a request to change from a commercial to a residential use for upscale townhouses. Ms. Boland asked Committee for consideration on the direction River Road East is going and commented that there is a need for full time residents to support the Main Street and other surrounding amenities. She commented that the current trend is higher end homes on River Road East.

The Chair asked Mr. N. Ainley and Mr. S. Ainley if they would like to respond to the concerns from Ms. Boland.

Mr. S. Ainley commented that the recurring concern that he is hearing seems to be in regard to the legality of the use of the property. He advised that despite the Residential Type One (R1) zoning, the legal non-conforming use has been ongoing since the 1980's and has been clarified and established. Mr. S. Ainley advised that the Official Plan is more than a guide, it is the land use vision for the community and a comprehensive review is undertaken every five (5) years. He further advised that the Zoning By-Law is more than a guide because it has to conform to the Official Plan and you cannot pass a By-Law amendment if it does not conform to the Official Plan. Mr. S. Ainley commented that the larger issue seems to be the long range vision and whether the type of use is appropriate. He advised that this matter would be addressed by going through a strategic planning exercise such as an update of the Official Plan. He commented that this request for rezoning is consistent with the Towns current Official Plan which reads that a grouping of uses as a means of a tourist centre and there is no evidence of change at the moment. He further commented that given the efforts of the Towns recent visioning exercise commercial uses need customers. Mr. S. Ainley stated that there is nothing wrong with the arguments being brought forth but they should be a topic on a larger frame and that this amendment is only going to recognize a use that has already been there.

Mr. N. Ainley advised that the current entrance to the property is 4.5 metre and his client intends to widen it to 6 metres. He showed the parking plan and explained that his client also intends to provide four (4) parallel parking spaces and one disabled parking space.

The Chair asked if there were any further comments.

Dave of 250 River Road East stated that he is opposed to the application. He commented that it is high density on such a little area of land and the fire trucks would not be able to get on the street due to the large number of vehicles parked on the road. He commented that the drawing shown does not resemble what is actually there.

The Chair asked if there were any further comments, there were none.

The Chair asked members of Committee if they had any questions or comments with regards to the proposed Zoning By-law Amendment.

Mayor Smith advised that he has been to the property and spoken to residents in the area and struggles with some of comments. He commented that when the area is full it is bursting at the seams. He noted that it is not safe and kids are spilling out onto the road. There is no control, at the end of the day the owner is responsible of who he rents to. Mayor Smith commented that it may be legal non-conforming use but that does not mean it is right. He stated that he does not support this change.

Councillor Ego stated that he concurs with the Mayor's comments and advised that he has also witnessed the activity in the area. He commented that this is taking a step backward to what Council want to attract to the area.

Councillor Smith commented that she concurs with the Mayor's and Councillor Ego's comments and stated that she is not in favour.

Councillor Stockwell stated that when the matter comes to Council he will oppose it. He commented that he believes one day this area will become upscale residential and that this is a step in the wrong direction.

Councillor Smith commented that the property is still being rented illegally.

Mr. Kelso advised that the business licence may have already been issued, or is being reviewed at the moment. It is a legal use which has been accepted by the Town solicitor. Mr. Kelso further advised that an affidavit package was provided by the owner and sent to the Town Solicitor and he has accepted the evidence presented that it is a legal non-conforming use.

Mr. Listro of the By-Law Department advised that the business license process is almost completed.

Discussion ensued regarding the possibility of Council being able to revoke the business license.

Discussion ensued regarding scheduling a special Committee of the Whole meeting to discuss the matter further. Mr. Vadeboncoeur advised that he would work with Mayor Smith to schedule a special Committee of the Whole meeting.

Councillor Stockwell asked Mr. Vadeboncoeur to seek legal counsel as to whether Council has the ability to stop or revoke the issuance of the business license.

The Chair advised that the comments received today will be considered and referred back to a future Development Services Committee where a decision will be made as to whether Committee will recommend the proposed Zoning By-Law proceed further through the approvals process.

Anyone receiving Notice of the Public Meeting will receive Notice of the Decision of Council in this matter. If you did not receive the Notice and would like to receive a copy of the Notice of Decision for the proposed Zoning By-law Amendment, please leave your name and address with the recording secretary or make a written request to the Clerk of the Town of Wasaga Beach.

The Chair adjourned the Public Meeting at 11:00 a.m.

Delegations

i. Mark Kinney – Healthy Community Network Committee – Trail Photo Contest

The Chair welcomed Mr. Kinney to the table.

Mr. Kinney read the report regarding the proposed Trail Photo Contest.

The Chair thanked Mr. Kinney for attending the meeting.

ii. Ron Hollowell – Gates in Municipal Fencing – Sandy Coast Crescent

The Chair welcomed Mr. Hollowell to the table.

Mr. Hollowell introduced himself and two of his neighbours Herb and Bill who also live on Sandy Coast Crescent.

Mr. Hollowell advised that he provided a letter to the Clerk in May 2015 which outlined his concerns regarding that matter of gates in the municipal fencing. The fence is to be installed to the rear of their properties on Sandy Coast Crescent. He further advised that the residents would like access through the fence to access the trail. Mr. Hollowell commented that he recognizes the concerns of maintenance of gates and dumping on municipal land. He then provided a map to Committee to show the area where residents would like gates installed. Herb commented that the proposed fencing would not allow direct access to the trail. He advised that there are currently gates that were installed behind other homes in the Stonebridge subdivision. He spoke to concerns of safety for seniors who could use the gate as an exit in case of an emergency. He commented that he believes the installation of the gates would reduce barriers for seniors. He stated that they would assist in maintaining the gates. Bill advised that he has spoken to a neighbour who regularly uses the trails and has seen gates on

Blueberry Trail and Savannah Crescent. He advised that they are willing to take on the cost of the installation of the gates with the understanding that the Town owns the gates.

The Chair requested that the matter be referred to staff and brought back to the August Development Services Committee meeting.

Mr. Vadeboncoeur asked when the installation of the fence is to take place. Mr. Hollowell advised that the installation has not begun but is expected in the new future and would like the matter addressed before the installation begins.

The Chair thanked Mr. Hollowell for attending the meeting.

Trail Photo Contest

The Chair asked if there were any comments, there were none. It was then;

MOVED BY R. EGO

SECONDED BY B. SMITH

RESOLUTION NO. 2015-07-01

RESOLVED THAT the Development Services Committee recommends to Council that it authorize the Healthy Community Network to develop, conduct, and promote a Trail Photo Contest.

CARRIED

Councillor Anderson declared a pecuniary interest with Item 5(b)(i) Tourist Commercial Rezoning – 60 – 19th Street North – Albert Vezeau – Z06/15 due to a business relationship.

RESOLUTION NO. 2015-07-10

RESOLVED THAT WHEREAS the Wasaga Beach Town Council has received a letter providing comments regarding proposed Bill 73 from the Township of Clearview; and

WHEREAS the Province is proposing amendments to the *Planning Act* that would:

- a) not allow amendments to an Official Plan or Zoning By-law within two years of their passing;

- b) require Council approval for a minor variance within two years of a site-specific Zoning By-law Amendment; and

WHEREAS the Wasaga Beach Town Council has concerns that these amendments are not in keeping with Provincial direction for efficient land use planning, will hinder the orderly development of the municipality, and are unrealistic in addressing unforeseen development circumstances;

NOW THEREFORE BE IT RESOLVED THAT Development Services Committee recommends to Council that it receive the Town of Wasaga Beach Staff Report on Proposed Bill 73 for information; and

FURTHER THAT Council supports the concerns from the Township of Clearview and Township of Severn; and

FURTHER THAT the Province of Ontario be respectfully requested to remove these policies from Bill 73; and

FURTHER THAT this resolution be forwarded to the Minister of Municipal Affairs and Housing, all municipalities within the County of Simcoe, all Counties and Regions within the Province, and the Association of Municipalities of Ontario for their consideration and support.
