

# Is Internet Voting secure?

## THE ELECTRONIC VOTING SYSTEM ENSURES THAT:

- The votes are verifiable and are counted
- The privacy anonymity, and integrity of the voter is protected.
- Once a voter casts their ballot, it cannot be tampered, modified, or altered, using strong encryption, certificates, and other network/application security methodologies
- Audit records are created and an electronic ballot image with timestamp providing multiple ways to verify that votes have not been modified
- An independent third party is used to ensure various aspects of the election can be scrutinized throughout the voting period

## WHY SHOULD I VOTE?

Every Canadian citizen has the right to vote. It is how Canadians choose which leaders represent them. Voting is a responsibility that all electors should exercise. Your community is shaped by the outcome of an election.

# Need help?

If you prefer to

## VOTE USING THE INTERNET,

and require access to the internet, or just need a little guidance in voting using the internet, a Drive-thru Internet Voting Help Centre will be available at the RecPlex, 1724 Mosley Street on Monday, October 24 from 10:00 a.m. – 8:00 p.m.

## ADDITIONAL INTERNET VOTING HELP CENTRE

dates and times may be added throughout the voting period and will be posted on the municipal website at [www.wasagabeach.com/election](http://www.wasagabeach.com/election)

## JUST HAVE A QUESTION?
